Childbirth and Early Parenting Program

Our experience...
allows you to enjoy yours

Welcome to the Frances Perry House Child Birth Education Program!

In our experience, early preparation including childbirth education can make a big difference both leading up to, and well beyond your special day. Our program is designed to provide maximum choice in your childbirth and early parenting education. You can choose any combination of classes to suit your individual needs.

Before you book into any classes online, please ensure you meet the following criteria:

- 1. You are booked in to have your baby at Frances Perry House.
- 2. You have completed your online Maternity Admission Paperwork via the MyCare portal.
- 3. You are at least 28 weeks pregnant at the time of the class.

This is the time at which you will get the most out of our program. New class times become available in the first week of each month, so we ask that you do not book too early to keep slots available for patients who are due sooner.

For first time parents we offer you a CORE program. This consists of one session of each of the following three topics:

- Postnatal & Early Parenting
- Labour & Birth
- Breastfeeding

It is recommended that you participate in all three classes, but this is not compulsory. Please be mindful that these classes only provide an overview and as every experience is different, will not cover every aspect of your pregnancy and birth.

To support you during the COVID-19 Pandemic, we now offer all childbirth education classes virtually. You will meet the educator and class participants from the safety of your home and within the secure platform. This means that your personal health information will remain private.

The classes are a flexible approach to gaining education and information to help you and your family prepare for your maternity hospital care and future parenting.

For an overview of each class, please visit the Childbirth Education page on the Frances Perry House website: https://www.francesperryhouse.com.au/Maternity-Education-and-Tours/Childbirth-and-Early-Parenting-Program

Please note: the Postpartum Session "Parenting the Newborn" that runs on Thursday evenings is for AFTER you have delivered your baby. We recommend booking in 4-6 weeks after discharging from hospital.

To book online, please follow the detailed instructions below. We understand that our bookings system is a little outdated, so read carefully and ensure you get all the way to the calendar view before booking in. If you still have any issues or questions you can email us at Childbirther.frp@ramsayhealth.com.au. See you on Zoom!
